

CHARGES AND REMISSIONS POLICY

Vision Statement

We are committed to ensuring that all children embrace and achieve their potential by developing a school that improves and grows through innovation, in which children feel safe and valued; families and the school community are supported and work together. Children are taught to be instinctively reflective and inquisitive, thereby leaving our school with the confidence and self-belief to become aspirational, successful citizens in the diversity of 21st century Britain.

Inclusion Statement

At Woodside Primary School all pupils are valued inspired and respected within our happy, welcoming school community. We set high expectations for all our pupils. Practitioners give every pupil the opportunity to experience success in their learning, by providing a relevant and challenging curriculum with an emphasis on personalised learning.

Introduction

This statement of policy has been drawn up to comply with (a) section 33 of the School's Funding Agreement and (b) Sections 449-462 of the Education Act 1996 and is subject to the approval of the Secretary of State. It is reviewed annually by the Partnership.

Special Transport

With the agreement of the School, pupils may at times need to attend an activity which is away from the school premises and which is not provided by the Governors. Where such a pupil uses transport not provided by the School to travel directly between home and the place of activity, the parents will be expected to meet the cost of that transport.

Ingredients and Materials

If parents have indicated in advance a wish to own the finished product of a pupil's work in cooking, Art or Design Technology, for example, the cost of any ingredients or materials not supplied by those parents will be charged to them.

Instrumental Tuition

The Governors will make a charge for providing instrumental music tuition to pupils attending the School. The amount of the charge will be reviewed periodically.

Optional Extras

An 'optional extra' is education provided outside of school time that is not part of the National Curriculum, part of a syllabus for a prescribed public examination that the pupil is being prepared for in school, or part of religious education.

A charge will be made where the parents have previously agreed in writing to a pupil participating in an optional extra activity.

An excursion not involving one or more nights away from home will count as an optional extra if less than half the time spent on it (including travel time) falls during school hours. (The expression 'school hours' means those hours in which the School is actually in session and does not include the break in the middle of the school day. The present school hours are: morning 8:55am to 12:25pm and afternoon 1:25pm to 3:15pm.

An excursion not involving one or more nights away from home will count as an optional extra if the number of school sessions (half days) spent on the visit = less than 50% of the visit. (A 'half day' means any period of 12 hours ending with noon or midnight on any day). It will not count as an optional extra if 50% or more of the time = school sessions (even if some activities take place late in the evening).

The charge for an optional extra will be the actual cost of providing it, divided equally by the number of pupils willing to participate. The cost will include travel outside school hours, board and lodging, any special materials, books, instruments or other equipment required, non-teaching staff costs, entrance fees, insurance and the expenses of any teaching staff specifically engaged for the activity.

Board and Lodging

Where any school activity, regardless of whether or not it is an optional extra, involves a pupil in spending one or more nights away from home, a charge not exceeding the actual cost of board and lodging for that pupil can be made.

Outside Organisations

An educational trip or other activity may be offered to pupils by some organisation other than the Governors. If the activity is during school hours, pupils (and any teaching staff involved) will need leave of absence from the school. If such leave is granted by the Principal or the Governors, the outside organisation concerned will charge the parents directly for the service provided.

Losses and Breakages

If a pupil is deemed to have carelessly or wilfully caused damage to school premises, materials or equipment, or by negligence loses any school property, the parents of that pupil may be asked to make a contribution to the cost of repair or replacement. The School also reserves the right to charge the full cost of any books which are not returned.

Voluntary Contributions

Nothing in the 1996 Education Act or in the above policy statement prevents the Governors, the Principal or the School in general, from seeking voluntary contributions either for the general benefit of the School or in support of any school activity, whether that activity is in or out of school hours, residential or non-residential. Indeed, without voluntary contributions it would not be possible to run the rich and varied programme of extra-curricular trips so valued by parents and pupils. It may be necessary to point out to parents that a proposed activity will not take place if there are insufficient voluntary contributions.

Remissions

If the activity concerned is not an optional extra, as explained in paragraph 5 above, parents whose children are in receipt of, or eligible for free school meals may not be charged for board and lodging. They may, however, be invited to make a voluntary contribution.

Any charge made to parents by the School may be remitted, either wholly or in part, on the grounds that payment by the parents would cause them particular and undue hardship having regard to their financial circumstances and to the educational value to the pupil of the activity concerned. The discretion to grant such assistance will be exercised by the Principal or other senior staff.

Benefits which entitle a parent to claim for free school meals:

- Income Support;
- Income-based Jobseekers Allowance (not contribution based);
- Income related employment and support allowance;
- Guaranteed State Pension Credit;
- Child Tax Credit (where there is no element of working tax credit AND the total household income for tax credit purposes is assessed to be less than £16, 190 per year); and
- Financially supported by NASS (National Asylum Support Service).
